Summary

Dedicated and results-driven professional with over 5 years of extensive experience in customer support and operations, demonstrating a proven track record of delivering exceptional service and optimizing operational efficiency. Recently equipped with comprehensive skills in full stack development, adept at leveraging a deep understanding of customer needs to develop intuitive and efficient software solutions.

Combining proficiency in customer relations with technical expertise, I excel in bridging the gap between user requirements and technical implementation, ensuring seamless user experiences.

A quick learner with a passion for innovation, I am eager to transition into a Mern-stack development role to contribute my diverse skill set and drive impactful solutions in dynamic environments.
